

The Plus 95i™ Gas Furnace with Perfect Heat® Perfect Humidity®

MODEL 355BAV

Preferred™
SERIES

As an ENERGY STAR® Partner, Bryant Heating & Cooling Systems has determined that this product meets the ENERGY STAR® guidelines for energy efficiency.

Superior Comfort *Plus Ex*

Setting Standards Since 1904

For more than a century, homeowners have associated Bryant heating products with the highest standards of indoor comfort. Through the commitment and dedication of our product development and manufacturing teams, we have consistently met every new challenge head-on and delivered the products to meet or exceed expectations. Today, as rising energy costs and increased environmental awareness influence consumer thinking, Bryant proudly offers a gas furnace that also provides superior comfort – the Plus 95i™ with Perfect Heat® Perfect Humidity®.

The Bryant Plus 95i provides quiet, luxurious relief from winter's biting chill. It raises the bar for temperature and humidity control with our Perfect Heat® and Perfect Humidity® functions and recommended Preferred™ Series Thermidistat™ Control. And,

it saves significantly on heating costs with exceptional energy efficiency of 95% AFUE. Designed, built and backed by the most trusted name in the business, and installed by your trusted and professional Bryant dealer, the Plus 95i with Perfect Heat Perfect Humidity provides the premium winter comfort you and your family deserve.

Save Now With Tax Credits

For a limited time, the U.S. Government is rewarding individuals for their efforts to reduce energy usage in this country. A tax credit is available for qualifying purchases of energy-saving products, including high efficiency gas furnaces that achieve 95.0 AFUE or higher efficiency.

Unlike deductions which merely reduce the percentage you owe, tax credits are subtracted from your total tax bill. Your Bryant dealer will work with you to provide the best system for your needs using tax credit-eligible equipment.

Perfect Heat®, Perfect Humidity®, Perfect Comfort

Your home is your refuge, the place you go for comfort – so treat yourself to the very best heating system available. The Plus 95i™ delivers an even, consistent flow of heated air to eliminate hot and cold spots, improve overall air quality, save money, and operate extremely quietly. Our exclusive Perfect Heat® function automatically monitors

changing conditions and adjusts system operation to provide the best possible combination of comfort and energy efficiency. And, for even greater comfort and control over temperature, humidity, air quality, fan speed and ventilation, we recommend including a two-stage Bryant air conditioner and our unique Preferred™ Series Thermidistat™ Control.

Exceptional Energy Savings.

Warranty

To the original owner, the Bryant Plus 95i model 355BAV gas furnace is covered by a 10-year parts and lifetime heat exchanger limited warranty upon timely registration of your new equipment.* The secondary heat exchanger carries a 20-year labor limited warranty. Ask your Bryant dealer about optional extended warranties, which may include labor.

*Warranty period is a 5-year on parts and 20-year on heat exchangers if not registered within 90 days. Jurisdictions where warranty restrictions are not allowed will automatically receive a 10-year parts limited warranty and a lifetime parts limited warranty on the heat exchangers. See warranty certificate at bryant.com for complete details.

Performance

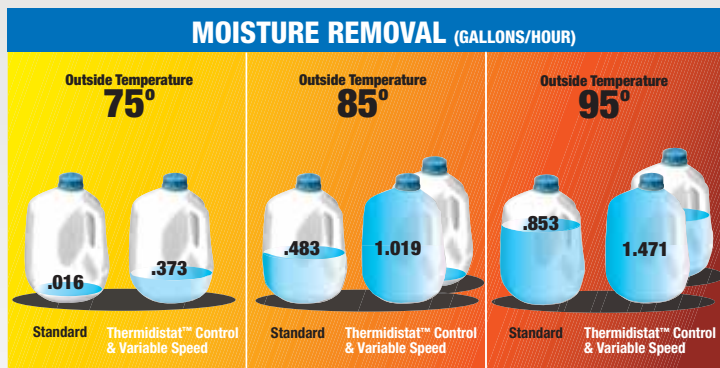

As an ENERGY STAR® Partner, Bryant Heating & Cooling Systems has determined that this product meets the ENERGY STAR® guidelines for energy efficiency.

Comfort with Control

As a part of your home's comfort system, the Plus 95i™ improves comfort all year long with Perfect Humidity®. Perfect Humidity enhances your comfort with up to 30 times the humidity control during cooling operation of standard comfort systems. That's not only important for those extra hot and sticky summer days, it's important EVERY day. And, for additional comfort through ventilation control, Bryant's exclusive Fan On Plus™ lets you select from three different continuous fan speeds at the thermostat.

Efficient Control

Bryant offers a complete line of easy-to-use thermostats that can improve the efficiency and reliability of your indoor comfort system. Include our patented Preferred™ Series Thermidistat™ control with your Plus 95i™ gas furnace and air conditioner and you'll enjoy consistent humidity control all year long and the additional comfort of SmartEvap™ technology. This function helps the Plus 95i gas furnace work with your air conditioner during cooling season to reduce humidity over a standard system.

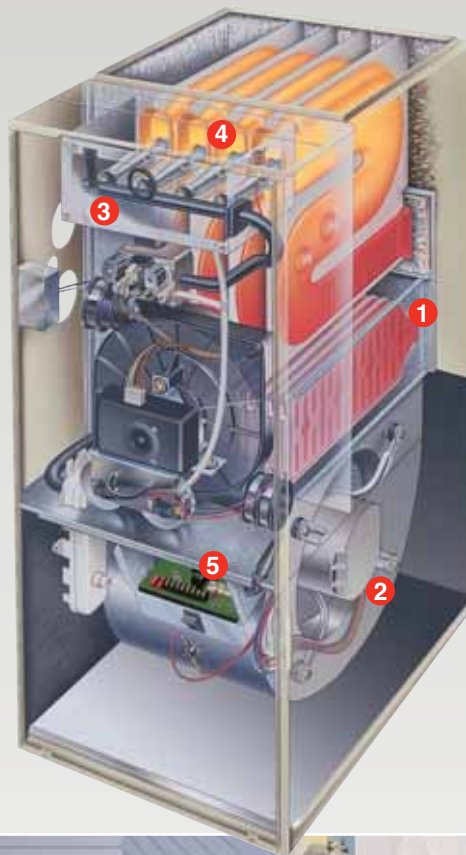

▲ **With Perfect Humidity®, the Plus 95i™ can provide up to 30 times better dehumidification than a standard system.**

Home Comfort Components

- 1 EXTRA GAS EFFICIENCY**
 Our secondary heat exchanger extends heat transfer for higher efficiency use of heating fuel. It is protected by our patented Everlastic™ coating for lasting corrosion resistance and durability. Backed by a limited lifetime warranty.
- 2 QUIET, NEARLY CONTINUOUS COMFORT**
 Direct-drive variable speed blower motor operates at the precise speed needed to deliver quiet, dependable heating and improved humidity control.
- 3 EFFICIENCY AND COMFORT**
 Two-stage gas valve with two stages of heating operates up to 90% of the time on low-stage heating for smooth, efficient comfort. High stage operation provides a boost in comfort during more extreme winter conditions.
- 4 RELIABILITY**
 Bryant's Perfect Light™ igniter is one of the most reliable and robust available so you can count on heating when you need it.
- 5 INTELLIGENT OPERATION**
 Our patented furnace control board does the thinking for you so your family will always enjoy comfort and economy. Just set the thermostat and let our "smart" electronics do the rest. This advanced control is the key to Fan On Plus™, Bryant's adjustable constant fan function.
